*Knut Benjamin Pissler/WANG Dan*<sup>1</sup>

The bibliography of academic writings in the field of Chinese law in western languages was first published in the year 2003 in this journal (*Zeitschrift für Chinesisches Recht/Journal of Chinese Law*). The bibliography aims to give readers an overview on articles in academic journals, contributions to edited volumes, monographs and textbooks published in English or German in the field of Chinese law. Writings in other languages like French and Italian could only partly be considered.

Regarding relevant German-language literature, the issues 1 to 12 of the journal „*Karlsruher Juristische Bibliographie*“ (KJB) of the year 2010 were screened for articles relating to Chinese Law. Simultaneously the classification scheme of the KJB was used as a model in this bibliography as follows:

Readers are explicitly encouraged to remind me of pieces we left unnoticed.<sup>2</sup> We will include these in the next bibliography to be published in the second issue of this journal in the year 2012.
